EXECUTIVE SUMMARY

AUDIT EXAMINATION OF THE ALLEN COUNTY FISCAL COURT

June 30, 2005

The Auditor of Public Accounts has completed the audit of the Allen County Fiscal Court for fiscal year ended June 30, 2005. We have issued an unqualified opinion on the governmental activities, business-type activities, each major fund, and aggregate remaining fund information.

Financial Condition:

The fiscal court had net assets of \$8,689,629 as of June 30, 2005. The fiscal court had unrestricted net assets of \$715,955 in its governmental activities as of June 30, 2005, with total net assets of \$8,636,508. In its enterprise fund, total net cash and cash equivalents were \$53,121 with total net assets of \$53,121. The fiscal court had total debt principal as of June 30, 2005 of \$3,619,669 with \$243,380 due within the next year.

Report Comments:

- Fiscal Court Should Amend Budget For The Expenditure Of Unanticipated Revenues In A Timely Manner
- Fiscal Court Should Fix Compensation For All County Employees
- Fiscal Court Should Strengthen Internal Controls Over Receipts Of Decentralized Locations

Deposits:

The fiscal court's deposits were insured and collateralized by bank securities.

CRIT LUALLEN
AUDITOR OF PUBLIC ACCOUNTS

To the People of Kentucky
Honorable Ernie Fletcher, Governor
Robbie Rudolph, Secretary
Finance and Administration Cabinet
Honorable Johnny Hobdy, Allen County Judge/Executive
Members of the Allen County Fiscal Court

Independent Auditor's Report

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Allen County, Kentucky, as of and for the year ended June 30, 2005, which collectively comprise the County's basic financial statements, as listed in the table of contents. These financial statements are the responsibility of the Allen County Fiscal Court. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, and the Audit Guide for Fiscal Court Audits issued by the Auditor of Public Accounts, Commonwealth of Kentucky. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As described in Note 1, Allen County, Kentucky, prepares its financial statements on a prescribed basis of accounting that demonstrates compliance with the modified cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Allen County, Kentucky, as of June 30, 2005, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with the basis of accounting described in Note 1.

The county has not presented the management's discussion and analysis that the Governmental Accounting Standards Board (GASB) has determined is necessary to supplement, although not required to be part of, the basic financial statements. The Budgetary Comparison Information is not a required part of the basic financial statements but is supplementary information required by GASB. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the budgetary comparison information. However, we did not audit it and express no opinion on it.

To the People of Kentucky
Honorable Ernie Fletcher, Governor
Robbie Rudolph, Secretary
Finance and Administration Cabinet
Honorable Johnny Hobdy, Allen County Judge/Executive
Members of the Allen County Fiscal Court

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Allen County, Kentucky's basic financial statements. The accompanying supplementary information, combining fund financial statements, are presented for additional analysis and are not a required part of the basic financial statements. The combining fund financial statements have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation of the basic financial statements taken as a whole.

In accordance with Government Auditing Standards, we have also issued our report dated February 10, 2006 on our consideration of Allen County, Kentucky's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Based on the results of our audit, we present the schedule of comments and recommendations, included herein, which discusses the following report comments:

- Fiscal Court Should Amend Budget For The Expenditure Of Unanticipated Revenues In A Timely Manner
- Fiscal Court Should Fix Compensation For All County Employees
- Fiscal Court Should Strengthen Internal Controls Over Receipts Of Decentralized Locations

Respectfully submitted,

Amounts Reported for Governmental Activities in the Statement of Activities Are Different Because:

Governmental Funds Report Capital Outlays as Expenditures. However, in the Statement of Activities the Cost of those Assets Is Allocated Over their Estimated Useful Lives and Reported as Depreciation Expense.

Book Value - Disposed/Sold Assets	(29,133)
Capital Outlay	806,304
Depreciation Expense	(312,849)
Capital Assets Purchased By County Clerk	2,750

Governmental Funds Report Amounts Collected on Receivables as Revenues. However, in the Statement of Activities the Amount Collected on Receivables Has No Effect on Revenues. The Amount Collected Reduces Receivables Included in Net Assets.

City's Portion of Courthouse Renovation Debt Collected	(17,778)
--	----------

The Issuance of Long-term Debt (e.g. Bonds, Financing Obligations) Provides Current Financial Resources to Governmental Funds, While Repayment of Principal on Short-term and Long-term Debt Consumes the Current Financial Resources of Governmental Funds. These Transactions, However, Have No Effect on Net Assets.

ALLEN COUNTY
NOTES TO FINANCIAL STATEMENTS

June 30, 2005

Note 1. Summary of Significant Accounting Policies

A. Basis of Presentation

The county presents its government-wide and fund financial statements in accordance with a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under this basis of accounting, assets, liabilities, and related revenues and expenditures are recorded when they result from cash transactions, with a few exceptions. This modified cash basis recognizes revenues when received and expenditures when paid. Receivables are recognized on the Statement of Net Assets, but receivables are not included and recognized on Balance Sheet - Governmental Funds. Property tax receivables, accounts payable, compensated absences, and donated assets, among other items, are not reflected in the financial statements.

Encumbrances lapse at year-end and are not reflected on the Statement of Net Assets and Statement of Activities; however encumbrances are reflected on the Balance Sheet - Governmental Funds as part of the fund balance (Reserved for Encumbrances).

The State Local Finance Officer does not require the county to report capital assets and infrastructure; however the value of these assets is included in the Statement of Net Assets and the corresponding depreciation expense is included on the Statement of Activities.

B. Reporting Entity

The financial statements of Allen County include the funds, agencies, boards, and entities for which the fiscal court is financially accountable. Financial accountability, as defined by Section 2100 of the Governmental Accounting Standards Board (GASB) Codification of Governmental Accounting and Financial Reporting Standards, as amended by GASB 14 and GASB 39, was determined on the basis of the government's ability to significantly influence operations, select the governing authority, participate in fiscal management and the scope of public service. Consequently, the reporting entity includes organizations that are legally separate from the primary government. Legally separate organizations are reported as component units if either the county is financially accountable or the organization's exclusion would cause the county's financial statements to be misleading or incomplete. Component units may be blended or discretely presented. Blended component units either provide their services exclusively or almost entirely to the primary government, or their governing bodies are substantively the same as the primary government.

Blended Component Units

Scottsville-Allen County Public Properties Corporation

The Allen County Fiscal Court appoints a voting majority of the Scottsville-Allen County Public Properties Corporation's (PPC) governing board and has the ability to impose its will on the governing board. In addition, the fiscal court is financially accountable and legally obligated for the debt of the Scottsville-Allen County Public Properties Corporation. Financial information for the PPC is blended within Allen County's financial statements. All activities of the PPC are accounted for within a major (capital projects) fund and a nonmajor (debt service) fund.

B. Reporting Entity (Continued)

Kentucky law provides for election of the officials below from the geographic area constituting Allen County. Pursuant to state statute, these officials perform various services for the Commonwealth of Kentucky, its judicial courts, the fiscal court, various cities and special districts within the county, and the board of education. In exercising these responsibilities, however, they are required to comply with state laws. Audits of their financial statements are issued separately and individually and can be obtained from their respective administrative offices.

Additional Allen County Elected Officials

- Circuit Court Clerk
- County Attorney
- Property Valuation Administrator
- County Clerk
- County Sheriff

C. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the non-fiduciary activities of the primary government and its non-fiduciary component units. For the most part, the effect of interfund activities has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on sales, fees, and charges for support. Business-type revenues come mostly from fees charged to external parties for goods or services.

The statement of net assets presents the reporting entity's non-fiduciary assets and liabilities, the difference between the two being reported as net assets. Net assets are reported in three categories: 1) invested in capital assets, net of related debt - consisting of capital assets, net of accumulated depreciation and reduced by outstanding balances for debt related to the acquisition, construction, or improvement of those assets; 2) restricted net assets - resulting from constraints placed on net assets by creditors, grantors, contributors, and other external parties, including those constraints imposed by law through constitutional provisions or enabling legislation; and 3) unrestricted net assets - those assets that do not meet the definition of restricted net assets or invested in capital assets.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function; 2) operating grants and contributions; and 3) capital grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Internally dedicated resources such as taxes and unrestricted state funds are reported as general revenues.

Funds are characterized as either major or non-major. Major funds are those whose assets, liabilities, revenues, or expenditures/expenses are at least ten percent of the corresponding total (assets, liabilities, etc.) for all funds or type (governmental or proprietary) and whose total assets, liabilities, revenues, or expenditures/expenses are at least five percent of the corresponding total for all governmental and enterprise funds combined. The fiscal court may also designate any fund as major.

Note 1. Summary of Significant Accounting Policies (Continued)

C. Government-wide and Fund Financial Statements (Continued)

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major enterprise funds are reported as separate columns in the financial statements.

Governmental Funds

The primary government reports the following major governmental funds:

General Fund - This is the primary operating fund of the Fiscal Court. It accounts for all financial resources of the general government, except where the Governor's Office for Local Development requires a separate fund or where management requires that a separate fund be used for some function.

Road Fund - This fund is for road and bridge construction and repair. The primary source of revenue for this fund is state payments for truck licenses distribution, municipal road aid, and transportation grants. The Governor's Office for Local Development requires the Fiscal Court to maintain these revenues and expenditures separately from the General Fund.

Jail Fund - The primary purpose of this fund is to account for the jail expenditures of the Fiscal Court. The primary sources of revenue for this fund are reimbursements from the state and federal government, payments from other counties for housing prisoners, and transfers from the General Fund. The Governor's Office for Local Development requires the Fiscal Court to maintain these revenues and expenditures separately from the General Fund.

Special Reserve Fund - The purpose of this fund is to act as a reserve fund. The Fiscal Court uses this fund to segregate revenues received for special projects, such as grant revenues.

Scottsville-Allen County Public Properties Corporation Bond Fund - The purpose of this fund is to account for bond proceeds and debt service payments.

The primary government also has the following non-major funds: Local Government Economic Assistance Fund, Corps of Engineers Fund, Disaster and Emergency Services Fund, Transfer Station and Recycling Center Fund, Scottsville-Allen County Public Properties Corporation Courthouse Renovation Fund, Jail Justice Center Bond Debt Payment Fund, and Debt Service Fund.

Special Revenue Funds:

The Road Fund, Jail Fund, Special Reserve Fund, Local Government Economic Assistance Fund, Corps of Engineers Fund, Disaster and Emergency Services Fund, and Transfer Station and Recycling Center Fund are presented as special revenue funds. Special revenue funds are to account for the proceeds of specific revenue sources and expenditures that are legally restricted for specific purposes.

C. Government-wide and Fund Financial Statements (Continued)

Governmental Funds (Continued)

Capital Projects Fund:

The Scottsville-Allen County Public Properties Corporation Courthouse Renovation Fund is presented as a capital projects fund. Capital projects funds are to account for the financial resources to be used for the acquisition, construction, or renovation of major capital facilities.

Debt Service Fund:

The Scottsville-Allen County Public Properties Corporation Bond Fund, Jail Justice Center Bond Debt Payment Fund, and Debt Service Fund are presented as debt service funds. Debt service funds are to account for the accumulation of resources for, and the payment of general long-term debt principal and interest.

Generally and except as otherwise provided by law, property taxes are assessed as of January 1, levied (mailed) November 1, due at discount November 30, due at face value December 31, delinquent January 1 following the assessment, and subject to lien and sale the 3rd Saturday in April following the delinquency date.

Proprietary Fund

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with proprietary fund's principal ongoing operations. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses. The principal operating revenues of the county's enterprise fund are charges to customers for sales in the Jail Canteen Fund. Operating expenses for the enterprise fund include the cost of sales and services and administrative expenses. The government has elected not to adopt Financial Accounting Standards Board (FASB) Statements or Interpretations issued November 30, 1989, unless the Governmental Accounting Standards Board (GASB) adopts such FASB Statements or Interpretations.

The primary government reports the following major proprietary fund:

Jail Canteen Fund - The canteen operations are authorized pursuant to KRS 441.135(1), which allows the jailer to sell snacks, sodas, and other items to inmates. The profits generated from the sale of those items are to be used for the benefit or recreation of the inmates. KRS 441.135(2) requires the jailer to maintain accounting records and report annually to the county treasurer the receipts and disbursements of the Jail Canteen Fund.

D. Deposits and Investments

The government's cash and cash equivalents are considered to be cash on hand, demand deposits, certificates of deposit, and short-term investments with original maturities of three months or less from the date of acquisition.

KRS 66.480 authorizes the county to invest in the following, including but not limited to, obligations of the United States and of its agencies and instrumentalities, obligations and contracts for future delivery or purchase of obligations backed by the full faith and credit of the United States, obligations of any corporation of the United States government, bonds or certificates of indebtedness of this state, and certificates of deposit issued by or other interest-bearing accounts of any bank or savings and loan institution which are insured by the Federal Deposit Insurance Corporation (FDIC) or which are collateralized, to the extent uninsured, by any obligation permitted by KRS 41.240(4).

E. Capital Assets

Capital assets, which include land, land improvements, buildings, furniture and office equipment, building improvements, machinery, equipment, and infrastructure assets (roads and bridges) that have a useful life of more than one reporting period based on the government's capitalization policy, are reported in the applicable governmental or business-type activities of the government-wide financial statements. Such assets are recorded at historical cost or estimated historical cost when purchased or constructed.

Cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized. Land and Construction In Progress are not depreciated. Interest incurred during construction is not capitalized. Capital assets and infrastructure are depreciated using the straight-line method of depreciation over the estimated useful life of the asset.

	Capitalization Threshold	Useful Life (Years)
Land Improvements	\$ 12,500	10-60 years
Buildings and Building Improvements	\$ 25,000	10-75 years
Machinery and Equipment	\$ 2,500	3-25 years
Vehicles	\$ 2,500	3-25 years
Infrastructure	\$ 20,000	10-50 years

F. Long-term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long term debt and other long-term obligations are reported as liabilities in the applicable financial statements. The principal amount of bonds, notes, and financing obligations are reported.

In the fund financial statements, governmental fund types recognize bond interest, as well as bond issuance costs when received or when paid, during the current period. The principal amount of the debt and interest are reported as expenditures. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures. Debt proceeds are reported as other financing sources.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2005
(Continued)**

Note 1. Summary of Significant Accounting Policies (Continued)

G. Fund Equity

In the fund financial statements, the difference between the assets and liabilities of governmental funds is reported as fund balance. Fund balance is divided into reserved and unreserved components, with unreserved considered available for new spending. Unreserved fund balances may be divided into designated and undesignated portions. Designations represent fiscal court's intended use of the resources and should reflect actual plans approved by the fiscal court.

Governmental funds report reservations of fund balance for amounts that are legally restricted by outside parties for use for a specific purpose, long-term receivables, and encumbrances.

"Reserved for Encumbrances" are purchase orders that will be fulfilled in a subsequent fiscal period. Although the purchase order or contract creates a legal commitment, the fiscal court incurs no liability until performance has occurred on the part of the party with whom the fiscal court has entered into the arrangement. When a government intends to honor outstanding commitments in subsequent periods, such amounts are encumbered. Encumbrances lapse at year-end and are not reflected on the Statement of Net Assets and Statement of Activities; however, encumbrances are reflected on the Balance Sheet - Governmental Funds as part of the fund balance.

H. Budgetary Information

Annual budgets are adopted on a cash basis of accounting and according to the laws of Kentucky as required by the State Local Finance Officer.

The County Judge/Executive is required to submit estimated receipts and proposed expenditures to the fiscal court by May 1 of each year. The budget is prepared by fund, function, and activity and is required to be adopted by the fiscal court by July 1.

The fiscal court may change the original budget by transferring appropriations at the activity level; however, the fiscal court may not increase the total budget without approval by the State Local Finance Officer. Expenditures may not exceed budgeted appropriations at the activity level.

I. Related Organization and Jointly Governed Organizations

A related organization is an entity for which a primary government is not financially accountable. It does not impose will or have a financial benefit or burden relationship, even if the primary government appoints a voting majority of the related organization's governing board. The primary government's accountability for related organizations does not extend beyond making appointments. Based on these criteria, the Allen County Water District is considered a related organization of Allen County Fiscal Court.

A jointly governed organization is a regional government or other multi-governmental arrangement that is governed by representatives from each of the governments that created the organization, but that is not a joint venture because the participants do not retain an ongoing financial interest or responsibility. Based on these criteria, the following are considered jointly governed organizations of the Allen County Fiscal Court: Scottsville-Allen County Economic Development Industrial Board, Scottsville-Allen County Recreation Board, Allen County Ambulance Service, Scottsville-Allen County Planning Commission, and Scottsville-Allen County Rescue Squad.

Note 2. Deposits

The primary government maintained deposits of public funds with depository institutions insured by the Federal Deposit Insurance Corporation (FDIC). According to KRS 66.480(1)(d) and KRS 41.240(4), the depository institution should pledge or provide sufficient collateral which, together with FDIC insurance, equals or exceeds the amount of public funds on deposit at all times. In order to be valid against the FDIC in the event of failure or insolvency of the depository institution, this pledge or provision of collateral should be evidenced by an agreement between the County and the depository institution, signed by both parties, that is (a) in writing, (b) approved by the board of directors of the depository institution or its loan committee, which approval must be reflected in the minutes of the board or committee, and (c) an official record of the depository institution. However, the depository institution did not have a written agreement signed by both parties with the County securing the County's interest.

Note 3. Receivable

Since the City of Scottsville owns 40% of the City/County Building, on January 28, 2002, the Common Council of the City of Scottsville voted to pay 40% of the debt service requirements on two financing obligations, Courthouse Renovation #1 and Courthouse Renovation #2, with the Kentucky Area Development Districts Financing Trust in Allen County Fiscal Court's name. The City's portion of the debt service requirements due as of June 30, 2005 was \$160,571, \$127,666 and \$32,905 respectively. Future amounts due to Allen County Fiscal Court are:

Note 9. Grants

A. Parks Improvement Project Grant

Allen County Fiscal Court (Fiscal Court) was awarded a grant in fiscal year 2001 in the amount of \$200,000 from the Department for Local Government and the Office of the Governor, Commonwealth of Kentucky, to provide funds for a parks improvement project. The unexpended balance, as of June 30, 2004, was \$79,109. During fiscal year 2005, Fiscal Court received no additional funds and expended grant funds of \$3,987. The unexpended balance as of June 30, 2005, was \$75,122. These funds are legally restricted to be used for this grant project.

B. Animal Shelter Renovation Grant

Allen County Fiscal Court (Fiscal Court) was awarded a grant in fiscal year 2005 in the amount of \$50,000 from the Department of Agriculture, Commonwealth of Kentucky, to provide funds for the renovation of the county animal shelter. During fiscal year 2005, Fiscal Court received \$45,000 in grant funds and expended no grant funds. The unexpended balance as of June 30, 2005, was \$45,000. These funds are legally restricted to be used for this grant project.

Note 10. Employee Retirement System

The fiscal court has elected to participate in the County Employees Retirement System (CERS), pursuant to KRS 78.530 administered by the Board of Trustees of the Kentucky Retirement Systems. This is a cost sharing, multiple-employer defined benefit pension plan, which covers all eligible full-time employees and provides for retirement, disability, and death benefits to plan members. Benefit contributions and provisions are established by statute. Nonhazardous covered employees are required to contribute 5 percent of their salary to the plan. The county's contribution rate for nonhazardous employees was 8.48 percent. Hazardous covered employees are required to contribute 8 percent of their salary to the plan. The county's contribution rate for hazardous employees was 22.08 percent.

Benefits fully vest on reaching five years of service for nonhazardous employees. Aspects of benefits for nonhazardous employees include retirement after 27 years of service or age 65. Aspects of benefits for hazardous employees include retirement after 20 years of service or age 55.

Historical trend information showing the CERS' progress in accumulating sufficient assets to pay benefits when due is presented in the Kentucky Retirement Systems' annual financial report. This report may be obtained by writing the Kentucky Retirement Systems, 1260 Louisville Road, Frankfort, KY 40601-6124, or by telephone at (502) 564-4646.

Note 11. Insurance

For the fiscal year ended June 30, 2005, Allen County was a member of the Kentucky Association of Counties' All Lines Fund (KALF). KALF is a self-insurance fund and was organized to obtain lower cost coverage for general liability, property damage, public officials' errors and omissions, public liability, and other damages. The basic nature of a self-insurance program is that of a collectively shared risk by its members. If losses incurred for covered claims exceed the resources contributed by the members, the members are responsible for payment of the excess losses.

ALLEN COUNTY
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

June 30, 2005

Budgetary Information

Annual budgets are adopted on a cash basis of accounting and according to the laws of Kentucky as required by the State Local Finance Officer.

The County Judge/Executive is required to submit estimated receipts and proposed expenditures to the fiscal court by May 1 of each year. The budget is prepared by fund, function, and activity and is required to be adopted by the fiscal court by July 1.

The fiscal court may change the original budget by transferring appropriations at the activity level; however, the fiscal court may not increase the total budget without approval by the State Local Finance Officer. Expenditures may not exceed budgeted appropriations at the activity level.

COMMENTS AND RECOMMENDATIONS

**ALLEN COUNTY
COMMENTS AND RECOMMENDATIONS**

For The Year Ended June 30, 2005

STATE LAWS AND REGULATIONS

1) Fiscal Court Should Amend Budget For The Expenditure Of Unanticipated Revenues In A Timely Manner

KRS 68.280 requires the fiscal court to amend their budget “for the expenditure of receipts unanticipated in the original budget.” KRS 68.300 states “[a]ny appropriation made or claim allowed by the fiscal court in excess of any budget fund, and any warrant or contract not within the budget appropriation, shall be void.” During a review of the quarterly financial statement for the period ended March 31, 2005, we noted that Allen County Fiscal Court’s expenditures were over amounts budgeted for certain line items in the amount of \$604,764. These expenditures were from the General Fund, Road Fund, Jail Fund, Local Government Economic Assistance Fund, Corps of Engineers Fund, Disaster and Emergency Services Fund, and Transfer Station and Recycling Center Fund. We recommend the Fiscal Court amend the budget for the expenditure of unanticipated revenues in a timely manner and in the future refrain from approving expenditures in excess of budgeted appropriations.

County Judge/Executive Johnny Hobdy’s Response:

None

2) Fiscal Court Should Fix Compensation For All County Employees

During our test of payroll expenditures, we were unable to find fiscal court approval for employee salaries during fiscal year 2005. KRS 64.530(1) requires the fiscal court of each county to fix the compensation of every county officer and employee except the officers named in KRS 64.535 and the county attorney and jailer. We recommend that the fiscal court fix compensation for every county officer and employee as required by KRS 64.530(1).

County Judge/Executive Johnny Hobdy’s Response:

None

REPORTABLE CONDITION

3) Fiscal Court Should Strengthen Internal Controls Over Receipts Of Decentralized Locations

The following significant deficiencies in the design or operation of the internal control over receipts of decentralized locations were noted:

- Fees collected at the Animal Shelter and processing, per diem, and jail bond fees collected at the Jail were not turned over to the County Treasurer for deposit in a timely manner. Kentucky Governor's Office for Local Development requires money collected be deposited daily. Money was turned over to the County Treasurer by the Animal Shelter every one to six weeks and by the Jail every one to two months.
- The manual receipt tickets issued by the Jail for processing, per diem, and jail bond fees were not prenumbered.
- A log was not maintained of the amounts received from the Transfer Station. Therefore, due to the way prenumbered receipt tickets were filed, the fees collected per prenumbered receipt tickets cannot be traced to the deposit or the receipts ledger.

We recommend the fiscal court strengthen internal control over receipts of decentralized locations by requiring all locations to turn fees collected over to the County Treasurer daily, requiring all locations to issue prenumbered receipt tickets for all fees collected, and maintaining a log of amounts received from the Transfer Station.

County Judge/Executive Johnny Hobdy's Response:

None

County Jailer James H. Patrick's Response:

The above problems have been corrected at the Detention Center.

PRIOR YEAR FINDINGS

In the prior year we reported the following findings:

- Fiscal Court Should Amend Budget For The Expenditure Of Unanticipated Revenues In A Timely Manner
- Fiscal Court Should Fix Compensation For All County Employees
- Fiscal Court Should Strengthen Internal Controls Over Receipts Of Decentralized Locations

These findings were not corrected and are repeated in the current year audit report.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

CRIT LUALLEN
AUDITOR OF PUBLIC ACCOUNTS

The Honorable Johnny Hobdy, Allen County Judge/Executive
Members of the Allen County Fiscal Court

**Report On Internal Control Over Financial Reporting And
On Compliance And Other Matters Based On An Audit Of Financial
Statements Performed In Accordance With Government Auditing Standards**

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Allen County, Kentucky, as of and for the year ended June 30, 2005, which collectively comprise the County's basic financial statements, as listed in the table of contents and have issued our report thereon dated February 10, 2006. Allen County presents its financial statements on the modified cash basis of accounting which is a comprehensive basis of accounting other than generally accepted accounting principles. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Allen County's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide an opinion on the internal control over financial reporting. However, we noted a certain matter involving the internal control over financial reporting and its operation that we consider to be a reportable condition. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect Allen County's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements. A reportable condition is described in the comments and recommendations.

- Fiscal Court Should Strengthen Internal Controls Over Receipts Of Decentralized Locations

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we do not consider the reportable condition described above to be a material weakness.

Report On Internal Control Over Financial Reporting
And On Compliance And Other Matters Based On An Audit Of Financial
Statements Performed In Accordance With Government Auditing Standards
(Continued)

Compliance And Other Matters

As part of obtaining reasonable assurance about whether Allen County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under Government Auditing Standards and which are described in the comments and recommendations.

- Fiscal Court Should Amend Budget For The Expenditure Of Unanticipated Revenues In A Timely Manner
- Fiscal Court Should Fix Compensation For All County Employees

This report is intended solely for the information and use of management and the Kentucky Governor's Office for Local Development and is not intended to be and should not be used by anyone other than the specified parties.

Respectfully submitted,

Crit Luallen
